

WEATHER

Fair Saturday,
preceded by local
thunder showers.

THE GETTYSBURG TIMES

TWENTIETH YEAR

GETTYSBURG, PA., FRIDAY, JULY 28th, 1922.

PRICE TWO CENTS

FIREMEN WANT LAW ENFORCED

Take Protest Against Defiance of
Traffic Regulations to Bor-
ough Council.

ADOPT FATIGUE UNIFORM

White Silk Shirts Replace Coats in
New Equipment. Plan For Partici-
pation in First County Convention.

A special meeting of Gettysburg Fire Company was held Thursday evening when resolutions protesting against non-enforcement of traffic regulations in the borough were passed and the sympathy of the firemen was extended to Maurice A. Miller, who sustained a compound fracture of the left leg, on Tuesday afternoon, when he was run down by an automobile. Mr. Miller has been assistant chief of the local company for a number of years. It was also decided that the company would send him a bouquet of flowers each week, while he is confined to bed by his injuries.

During the discussion, which followed the presentation of this case, it was brought out, that many flagrant cases of reckless driving and other violations of the Borough ordinances governing traffic, have taken place recently and it was decided to present the matter to the Borough Council.

Plans for the participation of the local company in the first annual County Convention, which will be held in McSherrystown on Labor Day, were discussed and it was decided to purchase uniforms for all members of the company, who are not equipped. A new fatigue uniform has been adopted, which will be worn in the parade, incident to the convention, consisting of the regulation trousers, worn with a white silk shirt and no coat. Orders have been placed for the new shirts and they are expected to be here shortly.

The resolutions unanimously adopted at the meeting, follow:

Whereas, one of our members is at the present time in the Hospital with a broken ankle, the direct result of careless driving, and

Whereas, there is entirely too much fast and careless driving on the streets of Gettysburg, therefore be

(Continued on Third Page)

TO HEAR CONFERENCE REPORTS

"Echo" Meeting To Be Held Sunday
Evening At St. James Lutheran.

A series of reports on the recent Reading convention of State Christian Endeavor societies will form the basis of the "Echo" meeting to be held Sunday evening at 7:00 o'clock in St. James Lutheran chapel by the Christian Endeavor society of that church. Other Christian Endeavor societies of Gettysburg and Adams county are expected to participate.

A song service led by H. M. Lippy will precede the service. This will be followed by an anthem by the choir after which the Rev. Dr. J. B. Baker, pastor of St. James Lutheran Church, will conduct devotions.

Among the speakers of the evening will be S. W. Frost, of Arendtsville; Miss Amelia Scharf, Miss Margaret Williams, Miss Mazie Krout, Miss Hannah Ulrich, Evelyn Thomas, Clayton Hartman, Miriam Hartzell and Miss Luetta Sharretts.

Musical numbers will consist of a solo by Miss Evelyn Thomas and a duet by the Misses Elizabeth and Dorothy Boyer. Miss Margaret Williams will conduct the Quiet Hour service.

BOYS MEET TONIGHT

Troop 1, Boy Scouts, of Gettysburg, will hold a meeting this evening at 7 o'clock in the Albert Lentz American Legion post rooms, York street.

FARM WEATHER REPORT

For Eastern Pennsylvania: Fair Saturday. Little change in temperature. Moderate to fresh northeast winds.

TOWN ASSURED OF SUMMER RESORT

Local Men Purchase Twenty
Acres at Witherow's Dam
For Colony.

TO ERECT CONCRETE DAM

Will Make Boating And Swimming
Possible For More Than Mile Up
Stream. Cottages Contemplated.

A business deal was closed Thursday by a number of Gettysburg men with Robert Witherow, Cumberland township, for the purchase of twenty acres of land on both sides of Marsh Creek, near Witherow's Mill, where a summer resort, which is expected to rival, in popularity, the summer colony near Dick's Dam, on the Conewago Creek, will be located, when improvements are completed.

The present wooden dam at Witherow's Mill will be demolished and a new concrete structure erected in its stead, according to those who participated in the purchase of the land. Work on this new dam will be started almost immediately.

The twenty acres of land, which passed in the purchase lie on both sides of Marsh Creek extending from the old Witherow Mill a considerable distance up stream. The land, it is said by the purchasers, needs little improvements. The grass is close cropped and shade trees abound along the waterfront.

The location is ideal for a summer colony, according to the recent purchasers, because of its natural endowments and its proximity to Gettysburg. The site is five miles distant from town and easily reached, the route being by way of the Emmitsburg road. A road, leading from the main highway to the site of the proposed resort, is in splendid condition and will be so kept, according to those in charge.

When the dam is completed boating and swimming will be furnished for cottagers for more than a mile up stream. The water will vary in depth from three to fifteen feet, when the

COMMITTEES APPOINTED

Councilmen And Chamber Members
Will Work With Firemen.

Committees have been appointed by the Chamber of Commerce and the Gettysburg Town Council to co-operate with a committee from the Gettysburg Fire company, in conducting the drive for subscriptions to the fund for the purchase of a chemical truck, to be added to the equipment of the local fire department. President C. B. Dougherty, of the Borough Council, this morning appointed Roy P. Funkhouser and J. E. Snyder, members of the committee from that organization, while A. B. Plank, president of the Chamber of Commerce, has selected John Brehm and J. L. Williams, Esq., as the representatives from that body.

At a recent meeting of the Fire Company, James B. Aumen and D. C. Stallsmith, were appointed the committee from the firemen, and, at the same time, request was made for a committee from the Town Council and Chamber of Commerce, to work with them in conducting the drive for the necessary funds. A meeting of these three committees will be held next week, when an organization will be effected and plans made for the drive.

CAR ABANDONED ON ROAD

See! Owners of Machine Left Along
Lincoln Highway.

An abandoned touring car was found Thursday along the Lincoln Highway about one-half mile west of Thomasville, and taken in charge by J. W. Craumer, garage owner, at Abbotstown, who notified the state police. The car bore an Ohio license, number 369-896. The engine number is 1-365,417. An ownership card, bearing the name, J. H. Chisner, Anstine, Ohio, was also found in the machine. The card was not for this make, but for a roadster, bearing number 593-992. Although the car had plenty of oil, there was no gasoline in the tank.

SEEK CHARTER FOR NEW ASSOCIATION

Farmers in Brysonia District
Organize Buying And Selling
Organization.

The second co-operative buying and selling organization in Adams county was organized, Thursday evening, at Knouse's store, Brysonia, when twenty farmers in that district voted approval to apply for a charter to Governor Sproul for their new organization. The Aspers Co-operative Buying and Selling Association was organized several months ago and recently received its charter from the Governor.

The new organization at Brysonia is not conducted for profit and therefore has no capital stock. It will include in its membership all persons engaged or interested in agriculture, dairying, live stock and poultry raising, beekeeping and horticulture.

The class of service to be performed by the organization is to act as an agent for all or any of its members and perform for them services connected with the production, preservation, drying, canning, storing, handling, utilization, marketing or sale of agricultural products produced by them.

The new organization will also purchase live stock, machinery and equipment on a co-operative basis for use among its members. Labor will also be employed co-operatively.

Five directors to serve the new association for the ensuing year were elected at the meeting Thursday evening. They were: W. B. Wolff, A. D. Knouse, George L. Culp, J. B. Bushey and M. E. Knouse. The meeting was in charge of the Adams County Farm Bureau.

COUNTY SCOUTS IN CAMP

Contests Staged To Advance Rank
Of Boys.

Twenty-seven Scouts from New Oxford, Littlestown and Abbotstown are now encamped at Camp Conewago. They have already entertained nearly 150 visitors and are arranging a program of Scout activities for tonight, at which time visitors will be welcome.

As an incentive for the scouts to advance their rank and secure the greatest benefit from their stay in camp, an efficiency contest is being conducted at the Boy Scout Camp, along the Conewago. Points are awarded for swimming, scout tests passed in camp, work, handicraft, nature study, good turns, museum specimens collected, tent inspection, and for various other activities which go for general all-around camp and scout efficiency.

To each Scout who receives 135 points, a three-color felt Camp Emblem is awarded. To each Scout who receives 100 points in addition a Beaver of Industry is awarded. A bronze medal is awarded to the Scout who receives the greatest number of points each week, while to the Scouts who receive the greatest and second greatest number of points during the summer large bronze trophy shields will be awarded.

LEAGUE GAME TONIGHT

A sprinkle of rain shortly before 6 o'clock Thursday caused the postponement of the game scheduled between the Second and Third Ward clubs. However many of the fans, who turned out to witness the game, picked up sides and a contest was held.

The management has announced that this evening the game between the First and Third Ward teams, which ended in a tie score Wednesday evening, will be played off, if the weather permits.

HOSPITAL REPORT

The condition of Lewis Groft, of Edgegrove, who suffered a fracture of the skull on Saturday evening, July 15, when struck by an automobile, is slowly improving. It was stated at the Annie Warner Hospital, where he is a patient, that Mr. Groft is fully conscious, but his memory has probably been impaired by the accident.

ALL IN READINESS FOR CONVENTION

Fair Weather Predicted For Dis-
trict Gathering of Red
Men.

PARADE WILL BE FEATURE

N. C. L. Troxell, Past Great Sachem
of the Order Will Be Present. Aged
Red Man Will Participate.

Everything is ready and weather permitting, Red Men's lodges of York and Adams county will assemble here Saturday in one of the largest conventions ever held by the combined counties and march in one of the largest and most colorful parades ever seen on the streets of Gettysburg.

Various committees of Toxaway Tribe, number 168, of Gettysburg, have been functioning steadily for the past month and today they rested on their oars. Indications given by the weather bureau at Washington are that Saturday will be fair and warmer.

Toxaway Tribe, of Gettysburg, will be hosts Saturday to the great crowd of Red Men and their wives, who are members of various Pocahontas councils. The local tribe will open headquarters in Xavier hall early in the morning, where all visiting delegates will be registered before the convention is opened, formally at 10 o'clock. The morning session, which is expected to continue until noon, will be open to the public.

The forenoon assembly will open with invocation by the Rev. W. C. Robinson, of the local Presbyterian church. Edward L. Showalter, president of the York and Adams district, will deliver an address, to be followed by the address of welcome by J. L. Williams, Esq. The Rev. Harry Daniels will make the response on behalf of the order. President Showalter will make the response in behalf of the visiting tribes. The meeting will close with prayer by the Rev. Dr. J. B. Baker, pastor of St. James Lutheran church.

Norman L. C. Troxell, Past Great Sachem of the Pennsylvania tribes, is also expected to be present at the forenoon sessions and will no doubt address the assembly.

The afternoon sessions will convene at 1:30 o'clock and continue until 4 o'clock when the parade will be held. During the afternoon sessions, district officers will be elected and installed. This meeting will be open to Red Men only.

Promptly at 4 o'clock, the parade headed by C. T. Tipton, chief marshal, having Ellsworth Buehl and J. B. Aumen, as aides, will move from Baltimore street, at Steinwehr avenue, where it forms, over the route announced several days ago. Members of the local tribe have been asked to assemble in the P. O. S. of A. lodge rooms promptly at 3 o'clock, in full regalia, to participate in the procession. Fully 1,200 Red Men will join in the parade, which is expected to be one of the largest and most colorful processions ever seen in Gettysburg. Members of Pocahontas councils, the auxiliary of the Red Men's lodges, will also

(Continued on Third Page)

OPERATORS DENY MEETING

Declare That No Session Is Called of
Interstate Operators.

(By Associated Press)
Chicago, July 28.—Coal operators today were continually denying knowledge of any scheduled peace meeting, such as announced by John L. Lewis, head of the United Mine Workers. They said that the strike was little nearer a settlement. Mr. Lewis declared that he had every reason to believe that an Interstate Joint Conference of the interstate operators associations would be able to settle the strike, was discounted by officers of the National Coal Association at Washington. They say that the decision was reached that no move should be made toward effecting a peace in the central fields.

Meanwhile Secretary Hoover received assurances from several Governors from the central district, that the federal move would receive every support by them.

CONSUL'S SON KIDNAPPED

(By Associated Press)
Sagua Lagande, Cuba, July 28.—John Jouv, twenty year old son of the American consul has been kidnapped and is being held for \$20,000 ransom, according to the note received by his father, demanding that amount of money.

TEST METTLE OF SADDLE HORSES

Three Hundred Mile Trip With
Rider And Equipment Will
be Made.

(By Associated Press)

Chicago, July 28.—The mettle of endurance of various breeds of saddle horses will be tested at Colorado Springs, in a 300 miles ride which starts August 1 and ends August 6. Partisans of the cow ponies, place their faith in the little horses bred in the shadows of the Rockies as against such aristocratic descendants of Eohippus as the Arab, the thoroughbred of the race course, the "quarter horse" and others. Details of the event have been made public by the Horse Association of America which has its headquarters here.

The horses will have to carry a rider, saddle and other equipment totaling 200 pounds and when the ride is over he will have to come in sound and fresh and prove it by going all gaits in good shape the following day. It also will be an endurance test for the rider deciding whether the devotee of the polo field, the chase or the steer herder has fortified himself with the greatest amount of stamina by his activities.

Harry McNair, of Chicago, one of last year's judges favors a western bred cow pony for the place in the hall of horse fame which will fall to this year's winner. Out of the 60 to 70 horses scheduled to start he expects five or six to finish in good shape.

MANY ATTEND REUNION

Estimated That 4,000 People Attended
Lutheran Gathering.

The Rev. Dr. J. A. Clutz, professor at Gettysburg Seminary, delivered an inspiring address at a memorial to the Rev. Dr. George W. Enders, of York, who died last November, at the 36th annual Lutheran reunion, held at Pen-Mar Thursday. Several thousand people from Pennsylvania and Maryland, were present.

The program throughout the day was splendid, an address on "United Lutheranism," by the Rev. W. E. Brown, pastor of St. Matthew Lutheran church, York, being especially fine. W. H. Menges, of Menges Mills, spoke in a very entertaining manner on "Our National Lutheran Convention," and was followed by "Stewardship," by the Rev. S. Winfield Herman, D. D., of Harrisburg. Miss Ruth Aubitz, of York, sang a solo.

A new committee to arrange for future reunions was elected, composed of the following ministers: the Rev. Dr. George W. Enders, of York; Rev. Dr. G. W. Nicely, of Hanover; Rev. Dr. Herman, of Harrisburg; Revs. Hartman and Minich, of Baltimore; Rev. Dr. Harms, of Hagerstown; Rev. Dr. Stock, of Carlisle; Rev. Dr. Wagner, of Martinsburg, Pa.; Hon. E. P. Miller, of Gettysburg, and Rev. Rensberg.

EMBARGO ON THREE ROADS

Refuse all Freight Except Foodstuffs,
Live Stock And Fuel.

(By Associated Press)

Washington, July 28.—Three coal carrying railroads, the Norfolk and Western, Chesapeake and Ohio, and Louisville and Nashville, have placed an embargo over their lines against the acceptance of any freight except foodstuffs, live stock and fuel. The action was taken under the Interstate Commerce Commission's declaration that in an emergency the railroad was authorized to show preference and establish priority in transportation.

THREATENS LIFE OF POINCAIRE

(By Associated Press)

Paris, July 28.—The French government, it was made known today has received from what is considered absolute trustworthy information that an attempt against the life of Premier Poincare is being planned in German anarchistic circles.

GOVERNMENT HAS SAVINGS SYSTEM

Postal Savings And Treasury
Certificates Offer Safe Invest-
ment With Good Interest.

MILLIONS ARE SAVED

In First Six Months of This Year \$58,-
000,000 Was Invested. Certificates
Grow in Popularity.

The United States Government Savings System is proving popular with many people and although this system has not recently been adopted, yet throughout the country \$58,000,000 have been saved and invested in the Treasury Savings Certificates, during the first six months of this year. Of this large sum, the people of the Third Federal Reserve District, comprising eastern Pennsylvania, southern New Jersey and the State of Delaware, are credited with over \$3,000,000.

The Government Savings System is an outgrowth of the war-time Thrift and Savings Stamp campaign, but in this case the securities available are Postal Savings and the new issue of Treasury Savings Certificates. The first is offered for deposit and the second for investment. The Postal Savings Stamps are issued in 10 cent denominations and do not bear interest but are to be converted into Postal Savings Deposits, from \$1 to \$2,500, which bear interest.

Treasury Savings Certificates are offered to those who are interested in securing a fair rate of interest on their money and the absolute guarantee of its safety. These Certificates are in denominations of \$25, \$100 and \$1,000, sold on a discount basis at the flat prices of \$20, \$80, and \$800. They bear interest at the rate of 4 1/2 per cent compounded semi-annually, mature in five years from date of purchase, are registered in every case to protect the owner against loss or theft, and are exempt from state and local

(Continued on Third Page)

MRS. REUBEN YOUNG

Mrs. A. Louise Young, widow of the late Reuben Young, died at her home in Hanover at 1:15 o'clock on Thursday afternoon. On the evening of July 15th, Mrs. Young, who was 90 years of age, suffered a fall in the yard at her home and her left hip was broken.

Mrs. Young is the last member of her family. She was a sister of the late Judge John W. Bittenger, of York. Surviving her are several nephews and nieces who reside in York, in the Cumberland Valley and in Middletown, Ohio.

PREPARED TO FIGHT AND WIN

(By Associated Press)

New York, July 28.—John K. Gowd, chairman of the eastern strike committee of the railroad shop crafts in a wire to B. M. Jewell, who is in Washington to confer with leaders there, "we are prepared to fight and win, if the Eastern executives will not negotiate." The statement of railroad officials to the number of men out on strike was declared to be "absolutely unreliable."

DYNAMITE FOUR HOMES

Working Miners' Homes Destroyed at
Walsall.

(By Associated Press)

Ebensburg, Pa., July 28.—The homes of four working miners in Walsall, Cambria county, were dynamited early today according to reports sent to the headquarters of the State Troops. The soldiers at Conemaugh were ordered to the scene. The reports indicated that no one was injured.

DISCUSS PENDING BILL

Provides For Commission On Coal
Policy.

(By Associated Press)

Washington, July 28.—President Harding today asked Chairman Borah, of the Senate Labor Committee, to call at the White House to discuss his bill for a commission to evolve a permanent coal policy. Senator Borah said that he planned to see the President later today.

PRESIDENT MAKES THREE PROPOSALS

Immediate Ending of Strike Is
Contained in Each Suggestion
Made by Harding.

BOTH SIDES CONSIDER

Executives to Meet in New York While
Union Heads Congregate in Chi-
cago.

(By Associated Press)

Washington, July 28.—Three proposals for immediate ending of the railroad strike have been submitted to representatives of the railroad executives and labor unions by President Harding, according to information obtained today from administration advisors who talked with the executive.

The three proposals, all hinging on various plans for adjustment with the employers and seniority rights, will be submitted, it was said, to the executives' meeting in New York, Tuesday, and to an employees' conference in Chicago, to be arranged by B. M. Jewell, the shopmen's leader.

There were indications from various sources close to the two parties to the strike, that leaders of the shopmen had manifested an inclination to accept the President's plan in the main and that representatives of the executives considered it unsatisfactory in principle. Final decision will rest with conferences of the two groups.

Outside railroad contracting, it was said, would be abandoned by the railroads under each of the three proposals.

One the proposals, according to those claiming to have information of the President's suggestions, would be for the railroads to waive the seniority question and take all strikers back to work. Another was said to give "loyal" men who have remained at work prior seniority rights over strikers to serve as a separate adjustment of the seniority dispute on each road with its own employees through joint committees to be appointed.

The President was said by his advisors to believe that the three proposals promised considerable hope of a strike settlement and to have declared that "more clouds have passed away" in the railroad situation within the past few hours than for several weeks.

Rehearing by the railway labor board of the shopmen's wage question was said to be embraced in the proposals. One proposal, it was said, also contemplated that both employers and employees agree that hereafter the board ruling be observed without question.

CONTINUE PRESENT STATUS

Anthraxite Miners Prepared For
Strike of Indefinite Period.

(By Associated Press)

Hazleton, Pa., July 28.—Anthraxite miners are prepared to continue the present status for an indefinite period or to enter into a conference looking toward a settlement "based on progress" was suggested to the operators and President Harding, Thomas J. Kennedy, chairman of the Union Sales Commission said today.

NEARLY ONE MILLION KNIGHTS

Twenty Four Thousand Join Knights
of Columbus in Year.

(By Associated Press)

New Haven, Conn., July 28.—The membership of the Knights of Columbus in the United States was 782,400 on June 30 an increase of 24,250 in a year, according to a report prepared by Supreme Secretary William G. McGinley, which will be submitted at the Supreme Council session in Atlantic City next week.

STOCK REPORT

Profit Taking Caused Recession.
General Trend Is Upward.

(By Associated Press)

New York, July 28.—Profit taking caused a moderate recession of the leaders during the first hour in the stock market, but the general trend continued upward. The demand centered in rails, oils and steels which showed gains of 1 to 3 1/2 points. Call money opened at 3 1/2 per cent. The closing was easy. Sales approximated 750,000 shares.

CAR of melons at Minter's, Baltimore street.—advertisement 1

WAIT GOVERNOR'S REPLY TO PLANS

Coal Will be Distributed by State Organizations at Fair Price.

HOOVER IS ENCOURAGED

Executives of Many States Reply to Telegrams. Favorable Reaction Noted to Harding Appeal.

Washington, July 28.—With the Federal machinery for emergency control of coal distribution completed by President Harding's appointment of a central committee of departmental heads, the Government yesterday looked to the States for the necessary co-operation to put the scheme into effective operation.

Immediately after being named chairman of the Governmental committee, Secretary Hoover, at the request of the President, asked State Governors to set up the necessary organization in each State for insuring equitable distribution and the maintenance of fair prices for coal under the Administration's plan. This organization, he said, was to assume responsibility for all distribution within the boundaries of each State except to railways.

Governors Respond.

Promises of co-operation from Hoover yesterday in response to his telegrams asking the organization of state emergency coal control committees included replies from the governors of New Jersey, Connecticut, Iowa, Kansas, Minnesota, Ohio, West Virginia and Pennsylvania.

Every effort is being made, Mr. Hoover declared, to whip into shape the necessary organization to enable the President's coal distribution committee to function as quickly as possible. The priority service orders issued by the Interstate Commerce Commission, he explained, cannot be made to work effectively until there is an organization formed under the President's committee.

Mr. Hoover said he had dispatched more than forty telegrams seeking the aid of various individuals, while officials of the various co-operating government agencies were being utilized as needed. He added that he had laid aside all other work to devote himself to the formation of the emergency organization, which would be completed as soon as possible.

Mines Working Better.

Favorable reaction to the Government's efforts to stimulate coal production despite the miners' strike was seen today in figures assembled by the railroads showing that 13,083 cars of coal were loaded on Monday at operating mines as compared with 9860 cars last Saturday and with a daily average of 10,914 cars during the six working days previous to Saturday.

Production for Monday, although an increase over last week, still was below the high point of the strike period which was 17,000 cars. The average daily loading of cars of coal in June, 1921, when there were no important labor troubles was 23,282.

The figures made available yesterday are unofficial but are compiled by railroad organizations for report to the Geological Survey, which uses them as a basis for its weekly report on coal production.

BLASTED OUT OF PRISON

Way Paved For 105 Men to Escape But 50 Are Captured.

Belfast, July 28.—Through a hole blown in the wall by a mine, 105 prisoners escaped from Dundalk jail, County Leith, yesterday. The shock of the explosion shook the town, shattering the windows of the county hospital and the dwellings of the town's best residential district.

The explosion was heard at every point within a 10-mile radius. The fugitives were hotly pursued. It is estimated that 100 Republicans participated in the mine laying and later scattered in small parties. One of these parties commandeered a locomotive in the Great Northern Railway shed.

There was much rifle firing both before and after the explosion and two ambushes were reported. Efforts were made to prevent the national forces from reaching the prison, which is two miles from the military barracks.

Fifty of the prisoners were rearrested yesterday afternoon. Other arrests included Michael Donnelly, who was commander of the irregulars about Dundalk.

TRIPLETS AND TWINS LEAD

Chicago, July 28.—Englewood mothers decorated the baby carriages yesterday and held a parade.

Henrietta and John Beukema, aged 13, twins, led the procession, pushing a triple carriage containing Eleanor, Maynard and Walter Beukema, triplets. Six double carriages loaded with twins followed and nearly 200 single equipages brought up the rear.

DRY AGENTS SEIZE THREE BOOZE BOATS

Heavily Laden Craft Was Captured in the Vicinity of New York Harbor.

New York, July 28.—Seizure of three alleged rum-running boats overnight was declared by Federal prohibition agents yesterday to indicate the resumption of activity by liquor smugglers, who have been uncommonly quiet for several weeks.

The three boats were seized in the vicinity of the harbor, and officials believe they came from some larger ship anchored several miles off the coast.

The first seizure was reported by the harbor police—that of the auxiliary sloop "K-10706," which was taken in the Narrows with 250 cases of liquor aboard.

The second ship was taken by coast guards, who had gone to her aid when she grounded on a sand bar off Point O' Woods, Long Island. They said they found the vessel to be the sloop J. H. P., carrying 1200 cases of liquor worth \$24,000.

The radio reported the third seizure. The "dry navy" chaser Hansen, which went out last Tuesday, reported she had picked up the sloop Marion Mosher three miles from Fire Island, and that the boat was headed for New York with a cargo of liquor so heavy that the water was washing over her gunwales.

Object Of New Regulations

Washington, July 28.—The sole object of the promulgation of the new Treasury regulations forbidding importation of liquors was to make effective the terms of the Willis-Campbell act dealing with liquor importation, Prohibition Commissioner Haynes explained yesterday.

The regulations, Commissioner Haynes said, have been in the process of formation for several months, but several considerations such as exceptions being made to enable the importation of certain classes of sacramental wines delayed their promulgation until the recent date. It is well known, he contended, that rules and regulations are necessary to make operative an act of Congress of this kind, and hence the new import rules had to be promulgated under the Willis-Campbell law.

WOMAN OF 65 GOES TO JAIL

Admits Burning Her Home Because of Husband's Treatment.

Mt. Holly, N. J., July 28.—Sixty-five years of age and pleading guilty of setting fire to and causing the destruction of her home at Chatsworth, Mrs. Mary Kochman, wife of Gottlieb Kochman, was committed to the Reformatory for Women at Clinton after being arraigned before Judge Wells in Court here yesterday. The aged woman said that her act was revenge for maltreatment she received from her husband.

While he felt that the woman was more sinned against than sinning, Judge Wells said she had committed a crime to which she had pleaded guilty, and he would have to give punishment, but would view it in the light of mercy, putting her on the road to the kind of medical and other treatment that she needs.

FEAR RIVER SEIZED CHILD

Six-Year-Old Girl Disappears While Father Is In Bathing.

New Castle, Del., July 28.—Hundreds of men with seines, dragnets and lines dragged the waters off Battery Park beach in vain all yesterday afternoon and evening in search of the body of Jane, 6-year-old daughter of the Rev. Harry Meredith, of Pittsburgh, believed to have been drowned at that point about 2 o'clock yesterday afternoon.

Jane, with a smaller sister, accompanied her father to the beach to sport in the water. He left her sitting on the sand at the water's edge while he took the younger sister out into the river and on returning missed Jane and gave the alarm. At the time a torpedo boat passed down the river and it is thought waves created by it enveloped the youngster and carried her out into the tide.

ART IN TAR AND FEATHERS

Fancy Designs Created, But 24 Farmers Pay \$600 in Fines.

East Saugatuck, Mich., July 28.—Twenty-four farmers residing near here yesterday paid fines aggregating \$600 in Justice Court as a result of conviction of charges growing out of the tarring and feathering of Bert Lenters recently.

Lenters was taken from his bed, led into his own farmyard, and coated with tar and feathers because he was alleged to have made disparaging remarks concerning the community minister.

After the farmers applied the coat of tar, according to the victim, they stuck feathers, one at a time, to his body, endeavoring to create fancy designs. Tiring of this, the victim says, his assailants covered him from head to foot with feathers.

PLAN TO END STRIKE DRAFTED

Labor Leaders, Headed by B. M. Jewell, Hold Three Hour Conference With President.

TERMS ARE WITHHELD

Will be Submitted to Executives of Railroads For Approval. They Are Believed to Deal With Seniority.

Washington, July 28.—Tentative proposals for the settlement of the railroad shopmen's strike were drawn up yesterday after a series of conferences between President Harding and labor leaders headed by B. M. Jewell of the shopmen's union. It was understood that the suggested plan for settlement—details of which were withheld by those participating in its formulation—would be submitted later to executives of the railroads.

The conference between the railroad labor leaders and President Harding adjourned late yesterday after a three-and-one-half-hour session.

B. M. Jewell and his associates said they would remain in the city over night, but did not indicate what their plans were for today.

The settlement proposals apparently had reference to the seniority issue which, it was generally agreed, was the sole remaining bar to the conclusion of the railroad war, or at least an armistice in the struggle.

Should the railroad executives accept the plans, it was said, a re-barring of issues which led to the would be heard before the Railroad Labor Board and all other questions left to adjudication through such a proceeding.

The labor union officials, through E. M. Jewell, president of the railway employees' section of the American Federation of Labor, declared they could not comment upon the substance of their discussions with the President, except that every point in the strike controversy had been gone over.

W. H. Johnston, president of the International Association of Machinists; J. A. Franklin, president of the boilermakers; M. F. Ryan, president of the carmen; Timothy Healy, president of the stationary firemen and others; James Burns, vice-president of the sheet metal workers, and Edward Evans, vice-president of the Brotherhood of Electrical Workers, were at two meetings with Mr. Jewell and the President, the last of which did not break up until nearly 6 o'clock.

Comment Refused

The labor leaders refused to comment on their conference at the White House, further than to say that they had covered every phase of the situation and to add that they would remain in Washington over night.

It was understood in Chicago when the labor group left Wednesday for the capital that they would return Thursday night. The decision to extend their stay was taken as another indication that hopeful progress had been made during the day.

T. DeWitt Cuyler, chairman of the Railway Executives' Association, was with President Harding at the White House for an hour before the union leaders were received, and it was arranged for Mr. Cuyler to take dinner with the President after the labor group left. Other railroad officials were in the city, but apparently were not invited to the dinner. Alfred P. Thom, general counsel for the Association of Railway Executives, expected to confer with Attorney General Daugherty yesterday on some phases of the strike, but did not see him.

DEPOSITS OF \$500 A DAY

Detectives Find Alleged Moonshiners Have Fat Bank Account.

Atlantic City, July 28.—County Detectives Fulmer and Nushbaum have discovered that Andrew Ghelzing, 50 years old, and Justin Ezphaen, 42 years old, arrested at Reega Wednesday on a charge of moonshining, have a bank account of nearly \$7000. The detectives have the statement of the bank showing the men deposited as much as \$500 a day, while the \$7000 was accumulated between October and March 22. The statement is not complete, and the detectives are awaiting the story of the last four months.

The two men were arrested on a tip furnished the Prosecutor's office by two women who said that while picking berries in the woods back of Reega they passed a shack. A man with a shotgun ordered them away. Fearing that all was not well the women informed the authorities, and the county detectives, with the aid of State policemen, raided the place.

The officers with drawn revolvers surrounded the shack, but the men made no resistance. Two loaded weapons were found and a good sized still in operation.

DENOUNCES RIGHTS IN CLAIMS COURT

Palmer Declares Germans Should Not be Permitted Membership in Claims Court.

Washington, July 28.—The Underwood Bill to create an American Commission to adjudicate American war claims against Germany and Austria, and to pay such claims out of seized enemy alien property, was endorsed by A. Mitchell Palmer, former Attorney General and alien property custodian, yesterday before a Senate Judiciary Sub-Committee.

Mr. Palmer, and another former alien property custodian, Francis P. Garvan, now head of the Chemical Foundation, and the present alien property custodian, Thomas W. Miller, appeared before the sub-committee yesterday at the opening of hearings on the bill.

To Talk With Hughes

A reply from Secretary Hughes to the committee's request for an opinion regarding the Underwood bill was received after indefinite adjournment of the hearings, but was not made public.

Chairman Cummins later arranged to have a personal talk today with Secretary Hughes before proceeding further with the Underwood bill.

Chairman Cummins of the sub-committee announced, in opening the hearings, that they would be limited to the two propositions in the Underwood bill—creation of a claims commission and disposition of seized enemy property. "We are not going into any investigation of the former or present Alien Property Custodians," he added, and Senator Underwood said he was glad to have the inquiry so limited.

Joint Commission Attacked

The present Administration's course in negotiating a claims treaty with Germany, to set up a joint claims commission, was attacked by Mr. Palmer. Under the Versailles Treaty, he said, German property seized in this country was, in effect, requisitioned not by the American Government, but by the German Government as a pledge for payment of American claims. The German Government agreed, he explained, that German subjects whose property was used to pay American claims would have a claim against the German Government and not against the American Government. This, he insisted, upset the contention that the American Government was "confiscating" individual property of aliens.

Mr. Palmer said Germany should not be allowed to discuss the amount of American claims, holding that the Lusitania and all other claims should be fixed by an American and not by a joint commission.

PERSONAL NOTES AND BRIEF ITEMS

News Notes From Around Town And Throughout The County.

MANY DAILY VISITORS

Mention of Guests From Nearby Towns. Short Paragraphs of General Interest.

Miss Gail Bell has returned to her home in Hunterstown, after a six-weeks' trip to the Pacific Coast and Canada.

M. and Mrs. John Deitz and two daughters, of Ardmore, are guests at the home of Mr. and Mrs. William Hutton, Hunterstown.

Judge Kenesaw M. Landis, Baseball Commissioner, will be invited to make the principal speech when the members of Rotary and Kiwanis Club from six towns comprising the Blue Ridge League hold a picnic at Hagerstown on Thursday, September 14th.

Robert E. Wible, Esq., transacted business in Harrisburg today.

Mr. and Mrs. R. E. Zinn and son, Harmon, Hanover street, returned home Thursday evening after a two-weeks' visit at the home of Mr. Zinn's brother, Dr. John B. Zinn, Worcester, Massachusetts. They were accompanied home by Dr. and Mrs. J. B. Zinn and daughter, Margaret, and son, John B. Zinn, Jr.

The supervisors of Hamilton township have recently repaired the roads leading into the camp colony along the Big Conewago. Pipe provided by the campers was laid to create better drainage.

Norman Hoke, of Detroit, Michigan, is spending some time with his parents, Mr. and Mrs. J. C. Hoke, West High street. Mr. Hoke is employed in the automobile factory of Dodge Brothers.

Miss Cordelia Hartman, of near town, is spending some time with relatives and friends in Harrisburg.

PROBE OF TURK ATROCITIES

Red Cross to Conduct It, Instead Of Allies and America.

Washington, D. C., July 28.—Because of the technical state of war still existing between the Allied Powers and Turkey, the plan of the British, French, Italian and American Governments to jointly investigate alleged Turkish atrocities in Anatolia has been abandoned and an inquiry is to be made instead by the International Red Cross.

The change in plans was made at the suggestion of the British and French officials after the United States had indicated its willingness to take part in a joint governmental investigation. The State Department, in view of the altered arrangement, has instructed its representatives at Constantinople and Athens to co-operate in the work now to be carried forward by the Red Cross.

WOMEN ASK BIG DAMAGES

Atlantic City, July 28.—Alleging false and illegal arrest, Hazel Vera Kelley, 17 years old, of No. 12 Bartlett avenue, has entered suit for \$5,000 damages against Isadore Newman, proprietor of a silk shop at No. 1114 Atlantic avenue. She alleges that she was employed as a clerk in the Newman store at a salary of \$6 a week, and that on March 11 she was accused by Newman of stealing silk and perfume valued at \$21. She was arrested and held for trial, but the Grand Jury failed to return an indictment.

Suit to recover \$10,000 damages has been entered by Mrs. Mary I. Brownrigg, of Pleasantville, against the Atlantic & Suburban Railway Company. She says she boarded a trolley in Pleasantville on May 16, and that when the car gave an "unusual lurch" she was thrown to the floor, sustaining permanent injuries.

COMMITTEE TAKES CHARGE

(By Associated Press) Columbus, July 28.—Governor Davis today appointed a committee that will have full control of the coal distribution among the citizens of Ohio during the strike.

Vacation Necessities

Handbags Trunks Suitcases

When you start out on your vacation you must have one or so of the above mentioned articles. They must be of good quality so that they can withstand the hard knocks they are subjected to in travel. They must also be of good appearance so as to give the owner a pride in possessing it.

We have the best line to select from in town and can supply you with any style you might desire.

Come in and let us show you the neat appearing luggage that we have and we know that you will buy before starting on your vacation.

ADAMS COUNTY HARDWARE COMPANY,
Baltimore Street
Gettysburg, Pa.

Letter From National Petroleum News

THIS IS IMPORTANT TO YOU

Certain automobile companies have in mind putting on a strong advertising campaign to warn users of cars against the use of benzol blends.

The whole trouble has come up because several motors which had been turned back to the company, showed parts of the engine entirely eaten away, due to the fact that the benzol used was not properly treated and free from sulphur. As a result the Automobile Manufacturers are becoming opposed to all benzol blends and plan to warn users of cars.

USE TEXACO GASOLINE

The Texaco Company manufacture straight gas only. Sold by CITIZEN'S OIL COMPANY, The Home Company.

Palmolive Egyptian Talc 21c

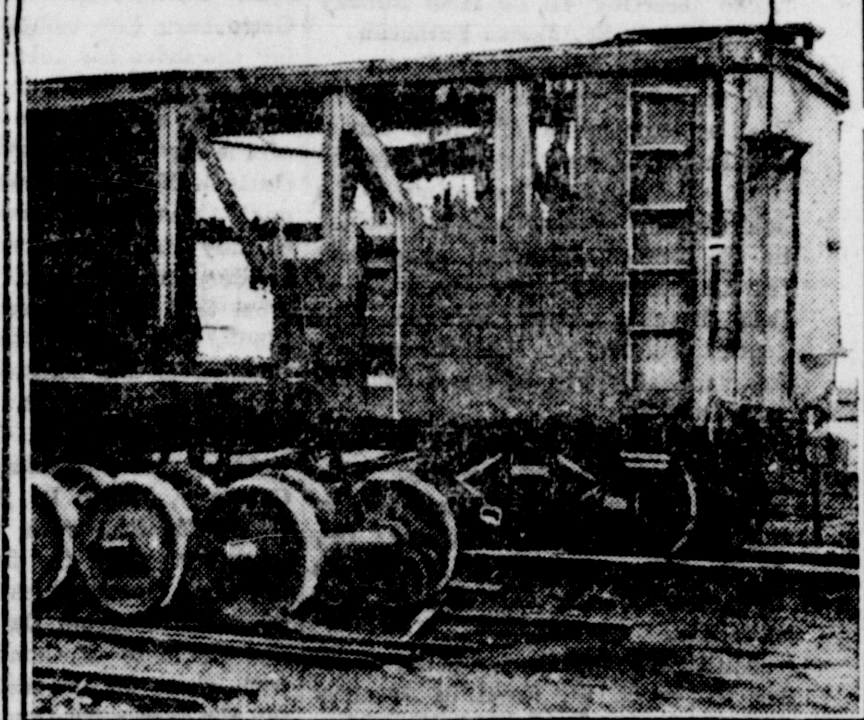

A regular 25c Talc, with a delightful, fragrant odor, and leaving a cool and pleasant feeling which few others will impart.

This sale will be on one week. Do not fail to get your can of Talc.

Rail Fire Plot Foiled

This car was only one of many in Chicago yards that were supposed to have burned, railroad officials say. A path of oil led from it to others, according to detectives who charge the blaze to strike sympathizers.

WILLIAM A. ELINE

William A. Eline, of Hanover, died at his home Wednesday evening at 9:15 o'clock from a complication of diseases, which caused him to take his bed nine days ago, after a longer illness of nearly two years. His age was 68 years, 8 months and 20 days.

He was a son of the late Reuben J. and Mary (Mummert) Eline. About 45 years ago he was married to Miss Lizzie Herman, who survives him with the following children: Charles Eline, Porters; Clinton Eline, near Hanover; Samuel Eline, Towson, Maryland; Mrs. E. M. Hamm, John Eline, Mrs. Andrew Hamm, and Mrs. John Halter, all of Hanover. He is also survived by a sister, Mrs. Clinton Shultz, Hanover, and ten grandchildren.

For the past 35 years, Mr. Eline followed his trade as a blacksmith, working for many years at Krent-

ler's schoolhouse and Green Ridge. About a year ago he retired and moved to Hanover.

Funeral from the house, Saturday afternoon at 2 o'clock, the Rev. J. B. Breneman, officiating. Interment in Mt. Olivet Cemetery.

ANOTHER ORE WELL STRUCK

Titusville, Pa., July 28.—Clinger Well No. 3, in the Tidoute oil field, brought in Wednesday night, is producing 700 barrels a day. It is located near Clinger Wells Nos. 1 and 2, which are flowing 300 barrels each.

Daniel Boone No Speller.

It may be true that Daniel Boone could not spell, as is asserted by some literary snobs. But if anything could make the average small boy reverence his memory the more it certainly would be this alleged deficiency. Cincinnati Enquirer.

GOVERNMENT HAS SAVINGS SYSTEM

(Continued from First Page)

taxation, except estate and inheritance taxes, and from the normal Federal Income tax. In case of need the money may be had on demand.

These Certificates may be registered in the name of and held by individuals; each member of a firm, joint-stock companies; trustees; two persons in the alternative, payable to either person or to the survivor; beneficiaries, that is, held by one person and upon his death payable to another. Each one is entitled to own up to \$5,000, maturity value, during one calendar year.

"This System offers an ideal opportunity for savings and investment for the people of all classes, particularly those of moderate means," stated George E. Lloyd, Director of Savings for the Third Federal Reserve District. "The Certificates are growing very popular all over the country. People who never dreamed of letting their surplus cash go out of its hiding place, put their funds into this form of securities, because it absolutely guarantees their money which never depreciates but always grows. I do not know of any country in the world offering a better system for Savings than the United States, both through this System and its excellent banking."

TO REBUILD BRIDGE

Accident First Day Detour Established Hastens Action.

The Public Service Commission may take what will be one of the quickest actions on record for rebuilding of a bridge as a result of the closing of the Lemoyne bridge on the main highway from Harrisburg to York, used by trolley cars, army trucks and a heavy general traffic. The bridge was ordered barricaded against traffic last week and the first day a detour was in effect, by way of White Hill, an accident occurred at a grade crossing.

The Commission has now ordered a watchman stationed at the crossing by the Reading Railway and has appointed Monday for a hearing for submission of plans for a new bridge of larger and wider type and the apportionment of costs. A decision will be given next week and a contract let immediately. The bridge is in Lower Allen township, Cumberland county, and has been in use for years. Owing to the removal of stores from the Middletown ordnance depot to the Army's big quartermaster reserve depot at Marsh Run, there is a heavy movement of trucks with military material.

TREND IN FOOD PRICES

Living Costs Generally Were Lower in June.

Washington, July 28.—While living costs generally in the United States were 23 per cent lower last month than in June, 1920, and two-tenths of one per cent lower than in March, this year, they were 66.6 per cent higher than in December, 1913, the Bureau of Labor Statistics, of the Department of Labor announced.

Food prices showed an upward trend from March to June, the figures revealed, but were offset in the general average by declines in clothing, fuel, light, furniture and miscellaneous necessities, while housing remained stationary.

TROUT SEASON CLOSES

Pennsylvania's trout fishing season will end with July, and in spite of weather conditions it has been a good one, according to Commissioner of Fisheries Nathan R. Buller. Reports to his department indicate good fishing in streams which were recently restocked with brook and brown trout, and that the rainbow variety have multiplied and furnished excellent sport.

The distribution of young trout will begin in September and is expected to be heavy, as the hatcheries are well filled with types which can take care of themselves and are good for breeding purposes.

INSPECTION MADE OF CAMPS

John Deatrack, of Biglerville, health officer of Adams county, recently made an inspection tour of the camp colony along the Conewago, near New Oxford. All camps are reported to be in a sanitary condition, but the health officer is seeking campers who occupied transient sites, who are accused of throwing garbage in the stream. Arrests will be made, it is said, when the identity of such offenders is established.

OFFER ARMY COMMISSIONS

Examinations Will be Held in September.

Young men who are desirous of obtaining commissions in the Regular Army of the United States will be afforded such an opportunity during the week of September 4 when final examinations for appointment of second lieutenants in all branches of the service will be held at the headquarters of the Non-Divisional Group, Officers' Reserve, in Harrisburg.

Successful applicants for appointment, according to bulletins made public yesterday, are permitted to express their first and second choice of the branches in which they desire to be appointed. These include the Infantry, Cavalry, Field Artillery, Coast Artillery, Corps of Engineers, Air Service, Signal Corps, Quartermaster Corps, Ordnance Department, Chemical Warfare Service, Finance Department and the Philippine Scouts.

Although the preferences of candidates will be given due consideration, the War Department, according to the bulletins, reserves the right to assign the newly appointed officers to such branches of the service as may be necessary.

Examinations will be held in history, grammar, geography, arithmetic, algebra, geometry, trigonometry and physics. These constitute the elementary requisites, applicants being permitted to select three of the following advanced subjects: Mathematics, mechanics, surveying, languages, literature, electricity, chemistry, law and minor tactics.

Candidates for appointment in the Air Service, Engineers, Signal Corps and Ordnance Department are required to satisfy certain technical requirements, either by examination or by having been graduated from any acknowledged technical school.

Request is made in the bulletins that prospective candidates immediately submit their applications to the Commanding General, Third Corps Area, Standard Oil building, Baltimore, Md., that they may be permitted to take part in the examinations.

COAL SHIPMENTS FALL OFF

Freight On Western Maryland Greatly Reduced. Expenses Cut.

Operating revenues of the Western Maryland Railway in June were \$79,654.23 less than they were in the corresponding month a year ago.

This shrinkage in gross was due chiefly to falling off in coal shipments owing to the strike of miners. Operating expenses were cut to the bone, the saving in this item amounting to \$154,920.59. Over \$78,950 of the reduction in operating cost was in transportation. The sum of \$67,426.87 was clipped. The ratio of operating expenses to gross earnings was 76.51 against 77.81 per cent a year ago from maintenance of equipment and \$17,441.37 from maintenance of way and structures. The policy of economy enabled the management to show net income of \$2738.01 in excess of the figures reported for the corresponding month a year ago.

TREND TOWARD COUNTRY

Small Per Cent Of Agricultural Students Are Sons Of Farmers.

Over 60 per cent of the students in the school of agriculture at the Pennsylvania State College come from Pennsylvania cities and towns, according to a study that has just been completed by the college showing that boys reared on the farm constitute but 39 per cent of the enrollment in the school. About 35 per cent of the agricultural students are sons of farmers.

Additional figures given out by the college recently show that more than 75 per cent of the graduates of the agricultural school are now engaged in practical agricultural work. From a combination of these two compilations, one might perhaps deduce that a trend back to the country has at last begun. At least, it is an encouraging sign.

VOCATIONAL TEACHERS

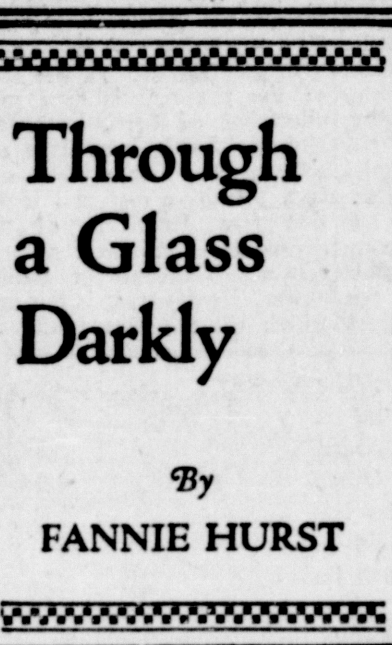

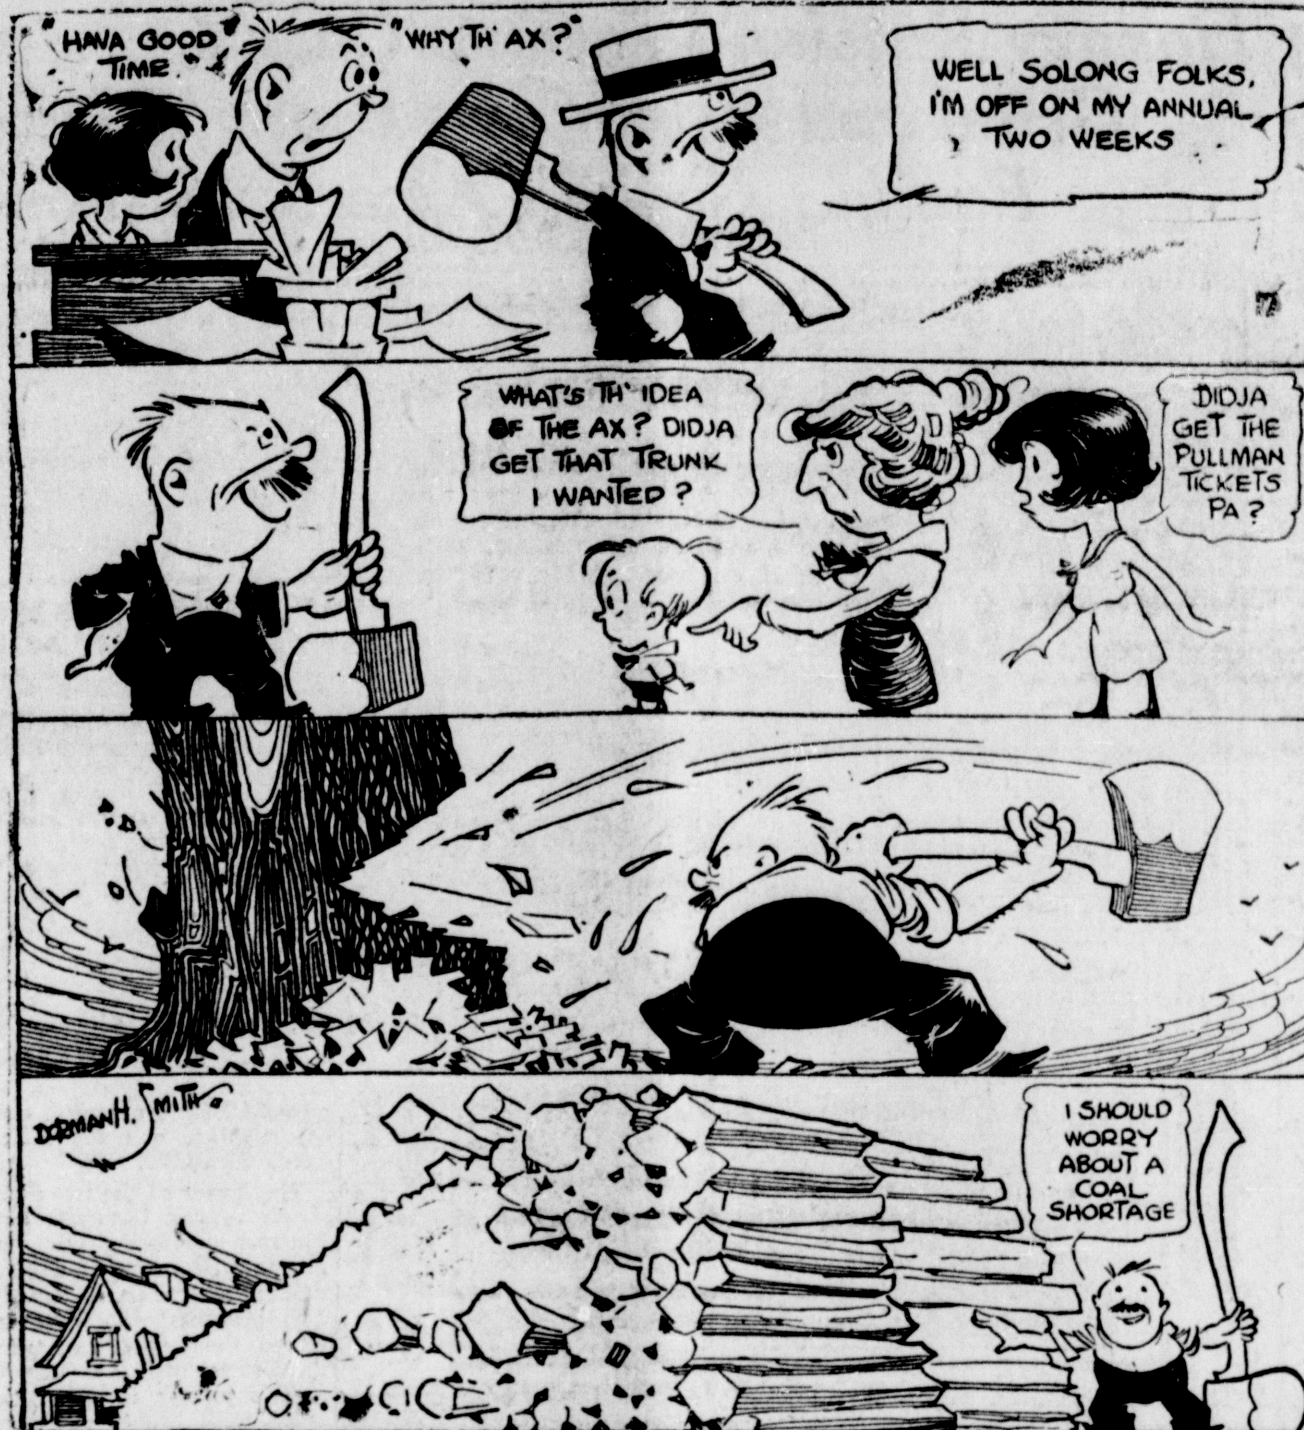

Many Teachers Needed At Good Salaries To Fill Vacancies.

As an indication of the need in Pennsylvania for an increasing number of vocational teachers, it has been announced by the department of Rural Life of the Pennsylvania State College that the entire class of vocational teacher candidates graduated by that department in June has been placed in positions as supervisors of agricultural education throughout the state. The salaries of the new vocational supervisors range between \$1800 and \$2400. With about 75 students taking work in this department of the school of agriculture next year, the class will be the largest in the history of the department.

The Dog and the Cat.

Dogs, like horses, remember the sound of the language of their masters, and even after many years, in a foreign land can remember the meaning of sentences. Cats seem incapable of comprehending the human tongue.

MR. WISEBOY TAKES HIS VACATION

Copyright, 1920, by The Wheeler Syndicate, Inc.

Mr. Danziger relaxed his straight figure against the jutting end of a lifeboat, blew away a wreath of cigarette smoke and gazed seaward. He was groomed, full of good points, nor lacking in the ready smile that wins. Gray were his eyes, with fine crow's-feet of laughter about them. Polished, even a bit too highly his fingernails and manners, his black patent leather boots and black patent leather hair. The smile in all its undaunted amiability he turned full upon Mrs. Lefkovich, his fine teeth flashing whitely.

"Come now, Mrs. Lefkovich, I'll prove it by any of you. Is it me or the old gentleman out for the game tonight? I've got Miss Esther for proof, is it me or the old gentleman?" Miss Lefkovich turned scorching eyes toward her father.

"Of course, its papa, every time. Without fail just as soon as me and Mr. Danziger or—anybody get seated up on top deck after supper to enjoy the evening, up he comes and drags him right down to that old game—to that old game!"

"Hear, Mrs. Lefkovich, how Miss Esther scolds the old gentleman, too." "Truth is truth, Mr. Danziger. That my husband on a first pleasure trip he takes from his business in twenty-five years, a man that all his life has had to work from dark until dark to get up to where he is now, should lose four hundred and eighty dollars to a young man what everybody on the boat says is full of luck up to his teeth, ain't no little thing."

"But Mrs. Lefkovich—" "Ach Bertha—" "Mama—" "And on top of it all to tell his wife, until she hears it straight from the other ladies, that it is only four dollars and eighty cents, what he lost. I ask you, Mr. Danziger, is it right?" "Ach now, Bertha, I didn't—" "You did, Aaron, right down in our stateroom when you came in that night and I asked you. 'Four dollars and eighty cents, Bertha,' you said, just like that. Right away, when you went to your bunk that night with your pants' pocket under the mattress, I ought to have suspected."

"But Bertha—" "Is that so nice, Mr. Danziger? I tell you for a young man what pretends he likes so much to be with my daughter, that he should play cards every night with her papa and win away like that—it makes me feel bad enough, I can tell you."

"Mama!" "Ja, and you! Ain't you said yourself, Esther, how at night when it gets prettiest for the young girls and the young men to sit out under the moonshine, how always when card time comes you find yourself left by yourself? Tell mama, Esther, ain't you said it?"

"Ach now, Bertha, wait till we land at Naples tomorrow and I get you an Etyalain policeman to tell you troubles to."

"I'd like to see once Abe Katz do to you tricks like that, Esther. There's a young man for you—I always say could learn the whole world manners."

"Come, Danziger, I play you no

stakes, just a little game of freeze-out, eh? No stakes, eh?"

"But, papa, Mr. Danziger and I were going up on top deck this morning and watch Madeira till we land."

"Ach no, Esther, like a good girl you stay and watch it by mama a little, eh? See, out there already how big the land gets. Stay by mama and in half an hour we be up again, eh, Danziger? A little freeze-out! No stakes, Bertha, no stakes!"

"Don't make out of me a fool, Aaron; it only makes me madder."

"See, Danziger, what a henpecker of a little wife I got."

Mr. Danziger placed a pat affectionately between the older man's shoulder-blades.

"Your old gentleman here is surely a card, Mrs. Lefkovich. Hope to die if in the seventeen times I've crossed I've struck a character that can match up to him."

"For you, Mr. Danziger, two cards I guess he is with four hundred and eighty—"

"Mama!" "See, Mrs. Lefkovich, how your daughter takes up for me."

"Come, Danziger! Esther, you stay here by mama a little."

"Don't be so considerate of me all of a sudden, Aaron. Enough by myself I've sat on this boat."

"Come, Danziger!" "Aw, papa!"

"Never mind, Miss Esther; when we land I'm going to take you riding up the funicular at Funchal and show you the scenery of your life. They're nifty little islands, the Madeiras. I've been right through them clear to the Canaries."

"Come, Danziger, and no stakes."

"Now, Mrs. Lefkovich, just you wait and see if he don't win the spades right off the cards. Coming, Lefkovich, coming!"

And they were off arm in arm down the well-washed luxuriously wide deck, past lines of steamer chairs joined together with an endless chain of gossip, occupants tilted backward until the soles stood upright and the mind reclined.

Left there and standing beside her recumbent parent, Miss Lefkovich cast down upon her a glance that wavered with tears.

"Honest, mama, you—you're just the limit."

"The limit I am, am I, because a nix of a young man nobody knows who he is, can't come along and pull the wool over my eyes like he can over my daughter's and her papa's."

"He's one of the swiftest fellows on this boat, that's what he is, if you want to know it. Everybody knows that he knows all the swells of Chicago, the Bambergers and all of them."

"Such talk don't go with me. So do I know all the swells of New York, the Felsenthals and Schlimms, when I see them ride on Fifth avenue in their automobiles and see in the newspapers the Van Rippens' pictures."

"You and your old foggy ideas don't—don't understand, mama."

"I tell you, Esther, sometimes I'm glad I am an old foggy when I see where all your fine ideas get us. You wanted to come to Europe and we came. Since papa can afford to do

what he likes and your brother Michie is old enough to watch the business, I don't want I should deprive my daughter of anything what she wants, but I tell you, Esther, if I was a young girl with a young man like Abe—"

"Mama, please!" "I mean what I say. You thought on this trip to Europe such fine new people you could meet. But not one boy on this boat have I seen what can stand up for a minute by Abe Katz. I tell you, Esther, even in the night when I lay down in that hot bunk of mine, how that boy's face comes right in front of me the way he looked at you from the pier when this boat sailed off. I tell you, just with his whole face he was in love."

"Oh, I'm—I'm not saying anything against Abe, am I, mama? What—"

"What—"

"What—"

"What—"

"What—"

FIREMEN WANT LAW ENFORCED

(Continued from First Page)

Resolved, that the Gettysburg Fire Company petition the Town Council to have the Ordinance relating to traffic on the streets of Gettysburg properly enforced, and therefore be it further

Resolved, that The Gettysburg Fire Company extend to our Brother Fireman, Maurice A. Miller, our sympathy and hope for his speedy recovery, and therefore be it further

Resolved, that this resolution be spread on our minutes, a copy be sent to the Town Council and a copy be sent to our disabled Brother.

LARGE PROFITS IN EXCHANGE

Wine and Whiskey in Warehouses Choked to Water.

New York, July 28.—The embargo recently placed on liquor importations by the government was attributed to a successful plot by a huge bootleg combine by which "liquor warehouses which had bulged with imported wines and whiskeys now bulge with barrels of water."

"Lack of convicting evidence alone," it is said, "prevents the government from officially revealing one of the biggest liquor scandals since prohibition."

Millions Made. Bootleggers, it is said, "are suspected of having corrupted government employees in various branches of the revenue service in a successful plot to divert millions of dollars worth of liquor importations held in bonded warehouses."

From August to the end of December last year \$5,500,000 worth of liquors were imported and stored in government warehouses, mostly along the Atlantic seaboard and during the twelve months of 1921 liquor importations, the story says, more than doubled those of 1920. Since permits to withdraw the liquors were necessary, no alarm was felt over the incoming tide of whisky and wine but the bootleggers are alleged to have waived the use of permits and developed the practice of watering their visible stock.

Practice Easy. Under the law if anybody wants to import liquor they can store it in a warehouse then change his mind and export the stuff back whence it came, nobody has violated any section of the statutes intended to make the country alcoholically arid, and if the changing of wine or whisky to water is carried out, then the weaker fluid is what goes back to wet countries, while the stronger goes down the throats of Americans, so the story goes.

ALL IN READINESS FOR CONVENTION

(Continued from First Page)

participate. With them will be numbers of papooses, all dressed in full Indian costume.

Twelve bands have been secured to furnish music along the line of march, which covers the principal streets of town. Among the prizes to be given will be one for the best decorated house or building in Gettysburg, and this reward will stir up competition among local decorators, it is believed.

Other prizes, amounting to \$62, have been offered, by the local lodge, to the tribe coming the greatest distance to the convention; to the tribe making the best appearance in line; to the with band; to the finest individual In-tribe bringing largest number of men in costume in line, and to the tallest, smallest, and heaviest Indian in line.

Jacob A. Eckman, of Baltimore, who, today, was 87 years old, a member of St. Lamina tribe, Baltimore, will be present at the convention and participate in the parade Saturday. He is visiting his cousin, Jonas Eckman, of Hanover. Mr. Eckman has been a Red Man 57 years and will probably be the oldest Red Man here Saturday.

Principals in Hammer Slaying

Mrs. Clara Phillips (right) is charged with the murder of Mrs. Alberta Meadows, who was hammered to death. The testimony of Mrs. Peggy Meadows (left) led to her indictment. This photograph was taken when they were chums in a "Follies" chorus in a Los Angeles show several years ago.

HOUR IN JAIL EACH DAY

West Hoboken, N. J., July 28.—One hour a day in jail for 90 days is the sentence James Marchesan, aged 16, began serving last night. He was convicted of annoying Mrs. Mary Botwink and the sentence was imposed by Recorder Walter.

Under its terms James must report at the West Hoboken jail nightly at 8:30 o'clock, be locked in a cell for one hour and then be accompanied home by a policeman. He was charged with throwing stones at Mrs. Botwink's house.

History of Bread Making.

It is said that the Chinese made bread from wheat and rice as early as 1508 B. C. Probably the first bread made from yeast was baked in England about 1634. Aerated bread, which rises from carbonic acid gas injected into the dough, became somewhat common in 1837, but practically all bread, bakery-made or home-made, owes its leavening to yeast or baking powder.

LEONARD RETAINS TITLE

No Decision Reached In 12 Round Battle.

Jersey City, July 28—Benny Leonard of New York, lightweight champion of the world, and Lew Tendler of Philadelphia fought a 12-round no-decision bout here last night, in which honors slightly favored the champion in the final rounds.

Newspapermen about the ring differed in their opinions. The majority appeared to favor Leonard at the end of the bout, although some declared for a draw. Tendler had the better of the first five rounds, but Leonard finished strongly.

Leonard was asked why he did not knock out Tendler and replied with a blood-smeared grin: "Southpaws are hard to solve."

The attendance was approximately 60,000 and gate receipts, \$450,000.

WHITE RUN

White Run—Those who visited at the home of Mr. and Mrs. Allen Fisel recently were: Mr. and Mrs. D. E. Kime and son, Ray, Mr. and Mrs. Hugh Fisel, Guy Fisel, and Mr. Hingle, all of Washington, D. C.; Mr. and Mrs. Charles Miller, daughter, Frances, Mr. Oscar Miller, Thomasville; Mrs. Nell Stunkle, Mrs. George Stunkle and sons, Clyde and Homer, of Tuscarora, and Mr. and Mrs. Howard Wert and daughter, Mrs. Margaret Morarity, of Harrisburg.

Mr. and Mrs. Lester Bowers and daughter, Margaret, and Mrs. Alice Bowers, of Granite Station, visited among relatives in this place recently.

There will be preparatory services at Grace Church, Two Taverns, Friday evening, and communion Sunday morning at 10 o'clock.

Misses Viola and Louella Sachs, and Catherine and Mildred Funt spent Thursday at Pen Mar.

The Sunday School of Grace church, Two Taverns, will hold their annual picnic in the Gitt grove, Saturday, August 5th.

C. W. Bucher made a business trip to Hanover recently.

HELD OUT FOR 13 DAYS

Insane Man Gave Up For Drink of Water.

Hinton, W. Va., July 28—Jno. Fredeking, the insane man who barricaded himself in his house and for thirteen days resisted the efforts of deputy sheriffs and State police to arrest him after he had killed one man and wounded four others, yesterday morning appeared at the front door, threw up his hands and asked for a drink of water.

Two troopers, who with other officers have resorted to every known means short of firing the house to dislodge Fredeking, stepped up to the door, got him the water he craved, and then led him to the county jail. He refused to answer their questions, and appeared to be dazed. Physicians were summoned from the Hinton Hospital where they had been treating the men wounded in the firing of the past days, and dressed a bullet wound in Fredeking's right arm and another injury in his right shoulder.

In spite of the parable of forbidden fruit, many a man is full of original sin who never swiped an apple in his life.

Hungry Russian Peasants Quickly Grind and Cook Corn Brought Into Famine Zone by American Workers

These two pictures, taken in the famine region of Russia, give a fragmentary idea of the way the American corn, provided by the appropriation of Congress last winter, is being received and how quickly it brings a look of health into the faces of the unfortunates. This corn has reached thousands of villages far from the railway lines. When the first American Relief Administration workers arrived at some of the villages in the Samara region the villagers knelt and hailed them as deliverers.

As the relief work continues with the

backbone of the famine broken, it is estimated that more than 3,000,000 children are being fed, in addition to 5,000,000 adults on corn diet, and 250,000 in the soup lines. The corn is provided by Congressional appropriation. The rest is from private gifts of the American people. In addition to the feeding work the medical department of the thousands of villages far from the railway lines. When the first American Relief Administration workers arrived at some of the villages in the Samara region the villagers knelt and hailed them as deliverers.

BONNEAUVILLE

Bonneauville—Mr. and Mrs. Jacob Weaver entertained at supper on Sunday Mr. and Mrs. Joe Kurtz, Miss Anna Golden, Cyril Weaver and Marie Wintrobe, all of Littlestown.

Miss Anna Staub was a Hanover visitor Wednesday.

Mr. and Mrs. Peter Keiser, daughters, Helen and Marie, spent Sunday as guests of Mr. and Mrs. John Gehhart, of New Oxford.

Mr. and Mrs. John Sneeringer spent Wednesday at the home of their son, Harry Sneeringer and family, of Brush Run.

George Quinn, of Philadelphia, returned home after spending several days as guest of his sister and brother-in-law, Mr. and Mrs. Crist Gehhart.

Cyril Weaver, of Littlestown, is spending some time at the home of his parents, Mr. and Mrs. Jacob Weaver, of near town.

Samuel Weikert, of Gettysburg, was a visitor in town Wednesday.

Miss Catharine Hawn, who has been ill the past week, suffering from blood poison, is improving.

Mr. and Mrs. William Cackett, of Youngstown, Ohio, returned home after spending some time at the home of the latter's parents, Mr. and Mrs. Peter Berge.

Jacob Smucker, of Gettysburg, was a visitor in town Wednesday.

Mr. and Mrs. Jacob Weaver were called at the bedside of the former's mother, Mrs. Henry Weaver, of near White Hall, who had a paralytic stroke.

CASHTOWN

Cashtown—The Mont Alto Pine Forest Extension Chautauqua will be held at Cashtown, beginning Thursday afternoon, August 3, and ending Tuesday evening, August 8. The program consists of lectures, concerts and a musicale.

Mrs. George Pfromm and son, George, Jr., of Philadelphia, spent Sunday at the home of Dr. and Mrs. Woomer.

Miss Helen Kump spent the weekend with Mr. and Mrs. William E. Kump, of near Fayetteville.

Miss Cleo Hossler has returned home after spending some time with friends in Philadelphia.

Misses Kathryn Orner and Hilda Hartman, who are attending the Shipensburg Normal School spent the weekend at their homes here.

James Andrew left on Saturday for an extended visit with his son, Harry Andrew and family, of Barker, New York.

The Ladies Aid Society of the Reformed Church spent Wednesday evening at the home of their pastor, Rev. Walter D. Pugh, in Fairfield.

Community picnic to be held at Caledonia Park on Saturday, August 12th. There will be something interesting every minute of the day. At 10:30 a. m. a patriotic pageant will be staged on the ground just below the dancing pavilion. This will be presented by the young ladies of the McKnightstown, Flohr's and Cashtown churches. Following this will

TOSSES GIRLS TO SAFETY

Mother Throws Them From Car And Jumps From Path of Train.

Atlantic City, July 28—Mrs. Anna Rodkin, aged 34, of No. 225 North Illinois avenue, saved the lives of her two daughters, Rebecca, 11, and Dorothy, 9, Tuesday night, when she hurled them from the automobile she was driving as the 9 o'clock electric express bore down upon them at the Baltic avenue crossing. Mrs. Rodkin then saved her own life by jumping. The machine was struck by the train and totally wrecked.

When Charles Amodanov, a watchman, shouted to Mrs. Rodkin she tried to reverse the gears, but the motor stalled just as the machine reached the track. The watchman was bruised when he was struck by flying pieces of the car as it was being dragged by the express.

BIDS WANTED FOR TRANSPORTATION OF SCHOOL PUPILS

Highland Township School Board will receive sealed bids up to 12:00 Noon of August 5th, 1922, for a man and two horses, the wagon being supplied by the School Board, for the transportation of the pupils of the Locust Grove School District to Glenwood School for the coming term of eight months. The Board reserves the right to reject any or all bids. For further information address

ARMOR M. WEIKERT
Gettysburg, Pa., R. 4
Secretary of Board.

gave \$4,000,000 of surplus army medical supplies, and the American Red Cross \$3,400,000.

The larger of the two pictures above shows former Governor Goodrich, of Indiana, measuring out some of the first consignment of American corn to reach an isolated Russian village. The peasants who have already received their allotment are seen with their sacks filled. Governor Goodrich in this picture is tilting the measure laden with "Amerikanski maize"—the Russian name for the corn and an expression which is spoken almost with reverence by the peasants.

In the smaller of the pictures one of the peasants is seen grinding his allotment of corn, in order that he and his family may lose no time in cooking it. The method of grinding is a primitive one and it is probable that few Americans of the present generation have seen such operations conducted, except for exhibition purposes. However, it is the only method which these peasants know.

"New-Idea" Service Table

A neat, well finished table, size 18 x 24 inches. Shelves covered with cork material absolutely not injured by heat, water, etc., easily cleaned. Safe for heavy loads—serves entire meal at once. Unsusceptible for general household cleaning. Not splintered, sent direct to you with return privilege via Parcel Post. Price \$10.00. Descriptive circular on request.

BANKER'S FRIENDS ELATED

"Twelve years ago I became afflicted with stomach trouble which steadily became worse. I frequently became prostrated with colic attacks and bloating. My doctors wanted to operate for gall stones. I wished to avoid an operation and on advice of a friend tried May's Wonderful Remedy with excellent results as since taking it about 2 years ago my trouble has entirely disappeared." It removes the catarrhal mucus from the intestinal tract, and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded at Peoples Drug Store and druggists everywhere.

Advices Buttermilk For Crows Feet, Wrinkles and Enlarged Pores

Says Old Time Recipe of Buttermilk Cream Best—A Gentle Massage with Fingers Before Retiring All That is Necessary.

The old-time application of Buttermilk and Cream to whiten and preserve the skin and remove harsh little wrinkles and ugly sallowness is grandmother's recipe and women throughout the country are again using it to ensure a beautiful complexion and snow-white hands and arms.

Buttermilk, however, is not always obtainable, but a specialist has at last perfected a method of concentrating buttermilk and combining it was a perfect cream, which you can buy in small quantities ready to use at any first-class drug store, by simply asking for "Howard's Buttermilk Cream." There is no secret about it nor is there any doubt about the result—it's just common, ordinary buttermilk in the form of a wonderful cream. If you cannot obtain locally send 10 cents (silver or stamps) for generous trial package of both Cream and Soap. Howard Bros. Co., Buffalo, N. Y.

LAXATIVE for Aged People

THE BANE of old age is constipation. The bowels become weak and unable to perform their functions without aid. For this purpose only the mildest and gentlest laxative should be used. The use of harsh cathartics aggravates the trouble and makes the constipation worse. Chamberlain's Tablets are a favorite with people of middle age and older on account of their gentle action.

BERRY PICKERS MET SNAKE

Quite a number of families of this place have been visiting the mountains for huckleberries during the past few weeks. William F. Jacobs and family of near Pine Grove picked over 30 quarts of fine berries, one day. On the 27th, George Reeve, Lawrence Trostle and Luther Currens decided to try their luck. Mr. Reeve got his car in working order while the crowd gathered a few large onions, a small bag of salt in case of snake bites, secured hard cans, buckets and other receptacles and went to Pine Grove. They parked their car and each one went to gather berries. In a short time the cry was heard. Rattle! Three stood guard while one cut down a small sapling, then Mr. Reeve dealt the fatal blow. The snake was hung on the machine and measured 5 feet and 3 inches. It had 14 rattles. Getting cold feet all went home with a total of one and one half pints of berries.

Glad He Picked This Stomach Remedy

Puts Stomach in Fine Condition—Ends Dizzy Spells, Nervousness, Headaches And Makes You Sleep Well.

Injudicious eating causes acute indigestion, gas, acidity, heaviness and sour stomach—sometimes the distended stomach causes the dreadful feeling of near suffocation.

Isn't it worth something to know of a remedy that will stop this distress in a few minutes—quicker than anything else you can think of.

This is no common stomach remedy for it took years of time to combine Pepsin with the other effective agents that make Dare's Mentha-Pepsin so good that the worst cases of indigestion and gastritis and other chronic stomach ailments are speedily overcome and the most badly deranged stomachs are made clean, strong and healthy.

Mr. Calvin Dilks of Alloway, N. J., a man of few words, knows this for he writes "I entirely rid myself of an old catarrhal condition of the stomach with Dare's Mentha-Pepsin."

No matter what your stomach trouble is get a large bottle for \$1.00 to-day at Peoples Drug Store or any druggist anywhere, with the distinct understanding that if it doesn't do you the world of good money will be returned.

"FOR SALE" NOTICE REMOVED

Delaware City, Del., July 28—The City Council, at the request of Mayor Bright, has withdrawn its offer to sell the city lockup. A year ago there were so few arrests that the council decided it might as well dispose of the city jail, so it was offered for sale.

However, there have been so many cases of disorderly conduct and arrests made in the past three months, that Mayor Bright has decided it would be indelicate not to have some place in which to hold prisoners. Soldiers from Fort duPont have at the request of Mayor Bright been assigned to police duty about the town on pay-day at the fort.

PUBLIC SALE

SIXTEEN ACRE FARM

ON TUESDAY, AUGUST 15th 1922.

The undersigned will offer at Public Sale on the above date his farm in Mt. Joy Township, Adams County, Pa. This farm is situated on the public road leading from Harney to Littlestown, five miles from Littlestown.

This farm is improved with a two story frame house, of eight rooms and pantry, fine cellar, large two story summer house, good frame barn with two sheds and crib attached, two story wagon shed, hog pen, two chicken houses, wood house and well at house. All these buildings are in good condition. Fruit of all kinds. The land is in a high state of cultivation. It joins land of Walter Shriver, Granville Study and John Eyer.

This farm should draw attention of buyers. Anyone wishing to see this farm can call on the undersigned who resides thereon. Deed and possession will be given about September 8th, 1922. Conditions will be given on day of sale. Sale will start at one o'clock, P. M.

Twelve Years in Business Without a "Sale"

is the enviable record of Haines, The Shoe Wizard. Our method is to put the right price on the right goods at the start.

We don't hear from one year to another a customer say: "That is too much or too high, I can buy it cheaper." The reason for this we under buy ourselves, and with only a small even profit added makes our prices under.

We believe and our business which each year's sales being larger than the previous year show,—we don't need catch word sales; cunning devices; make believe bargains, when we have the shoes at 50c to \$2.00 a pair. Saving to our customers (whenever they come) they know it, and if you are not one of our customers go into any one of Our Stores in York, Hanover, Columbia, Gettysburg and other towns of Pennsylvania, Maryland, West Virginia and Virginia (where all prices are alike) and you will readily see why we need never have a "sale" in all our years in business.

Our Highest Prices is \$3.98. Why pay more.

Haines, The Shoe Wizard, WHO MAKES THE WONDERFUL PRICES POSSIBLE

This is the Man
MAHLON N. HAINES,

The Quality Shop

To the Farmers of Adams Co.

All farmers of Adams County are cordially invited to attend the truck meetings that will be held in the Court House at Gettysburg.

Saturday Afternoon and Evening

AUGUST 5th, 1922, At 1:30 and 7:00 P. M.

when the following subjects will be discussed.

Transportation, marketing, and grading of farm produce and the best method to get away from the extravagant charges of middlemen.

Calculations will be presented to show what the farmers could save by a different system of transportation and selling of farm produce, and the labor that is done in the city could be done in the country, and by a good system of refrigeration the farmers could produce different fruits and vegetables that they cannot now for the want of a good system of shipping.

All farmers in the dairy business should be present and you will be shown that you are not getting for milk according to the present market quotations in Philadelphia.

This meeting will be free for everyone to speak on the above subjects.

Which?

\$50 for Painting

\$500 for Repairing

A 1000 per cent Investment

That's the way to look at painting—as an investment, not an expense. Look around you at the houses going to rack and ruin. What is doing it? The weather. There is only one defense against weather and that is paint. But paint, like weather, is of many kinds. Beware of the fair weather paint. It does not protect; it only deceives. Buy a paint that has proved its staying power.

SWP (Sherwin-Williams House Paint, Prepared) has a fifty-year record. Its ingredients are what experience has proved to be most efficient in protecting property. It puts an armor between your buildings and the elements and also adds beauty and cleanliness.

TOWN ASSURED OF SUMMER RESORT

(Continued from First Page)

new concrete dam is in place, it is said. During the winter months, skating will be the main diversion at the resort. Marsh Creek will be restocked with fish next spring, it is said, and furnish sport for the anglers.

Already six persons in Gettysburg have purchased building sites along the stream, on which to erect summer cottages which are expected to be ready for occupancy next spring.

Only tentative plans for further developments at the new summer resort have been outlined. Those in charge say they hope to erect a dancing pavilion and eating stand, similar to the one near Dick's Dam along the Cone-wago, in the near future.

The spot will be ideal for camping or picnic parties, it is said. Boats will be purchased and rented out to camping or picnic parties, and bath houses will also be erected for those who do not erect permanent dwellings along the stream.

The dam is located below the pumping station which furnishes water for Gettysburg and pollution of the stream will not interfere with the town's water supply.

FREED OF MURDER CHARGE

At Secret Trial She Tells Story Of Shooting.

Montgomery, Ala., July 28.—Mildred Brewer, 16 years old, descendant of a distinguished family of Alabama, is at liberty in the custody of her mother, having been freed at a secret trial Wednesday before Judge Lee Holloway, in juvenile court, of the charge of killing A. Portis McKeithen, husband of the girl's cousin. Miss Brewer is under orders to report with her mother every week to the juvenile court of Montgomery county.

According to information divulged by Temple Seibels, county solicitor, the Brewer girl testified at the hearing that McKeithen, whose body was found in an isolated spot in the woods of West Montgomery last Thursday was killed by his own revolver, she told of a love affair between herself and McKeithen, at whose home she spent much time. When they met in the lonely clump of woods where the young man's body was found, she said he seized her by the waist, drew a revolver and announced he intended to kill her and then end his own life.

She tried to wrest the weapon from his hand, she testified, and in the scuffle, the pistol was discharged. She told the Court, according to Solicitor Seibels, that she could not say whether McKeithen or she pulled the trigger.

BLIMP IN RECORD FLIGHT

Army Balloon A-4 Covers 1100 Miles In Less Than 41 Hours.

Belleville, Ill., July 28.—The longest flight ever attempted by the army lighter-than-air craft service was completed yesterday, when the dirigible balloon A-4 arrived at Scott Field near here. The blimp arrived from Langley Field, Virginia, a distance of approximately 1100 miles, in 40 hours and 40 minutes actual flying time. Two stops were made. The balloon will be stationed here permanently.

One way to waste your time is to sit down and bewail the time you have already wasted.

China's President

Li Yuan-hung, new president of China, is making vigorous efforts to unite the faction-split country. He served as vice president of the republic in 1916.

AIRSHIP MAKES TRIP

Washington, July 28.—Army dirigible C-2 arrived at the Aberdeen, Maryland, proving grounds at 6 a. m. today, concluding the return trip of a non-stop flight to New York upon which the dirigible left Bolling Field, here, at 5 o'clock yesterday afternoon. The ship reached New York about 12:30 a. m. today and after circling the bay and crossing Manhattan, was reported to have disappeared in a short time, on her return trip.

The trip which consumed 11 hours, was said in Army reports received here to have been without incident in carrying out the training of pilots in night flying. A crew of 12 manned the huge blimp.
